(11.10.19)

Project Commission
Approved / Not Approved

Procedure for COMP 4910 Project Assignment

1. Decide on a project by talking to project advisors. You can pick a project proposed by project advisors or you can propose your own project to project advisors.
2. Fill out the Project Assignment Form and get the approval of your project advisor.
3. Upload a soft copy of the filled-out (and signed) Project Assignment Form. Keep the hard copy.
4. If the Project Assignment Form is not approved by COMP Project Commission, you will be asked to make changes. Repeat above steps if this is the case.

Additional Notes

1. Team size is 3-4 members. Exceptions are not likely. For each project, fill out a single form including the information about all the team members.
2. Projects, where some team members are from other departments or from industry, are also encouraged.
3. Note that you will continue your COMP 4910 project as COMP 4920 in the following semester.
